

November 12, 2020

Dear Magnolia Bluffs Casino Family,

During these unprecedented times, we are working to be as cautious and safe as possible for both YOU, our loyal customer and OUR team members. Therefore, we have implemented the following safety measures as recommended by the CDC and the Mississippi Gaming Commission to follow during this time:

- Guests and team members will be **REQUIRED** to wear masks while on property.
- The facility was recently treated with BIOPROTECT™, a groundbreaking EPA-registered and FDA-compliant disinfectant that provides long-term protection from viruses, bacteria, fungi, algae, protozoans and other microorganisms including SARS-CoV-2.
- Social distancing will remain in effect throughout the casino. At times, you may be asked to move or space yourself from others to ensure the distancing guideline is followed.
- Temperature checks will be conducted on both customers and staff upon arrival. Anyone with a temperature greater than 100° F will not be allowed to enter the casino.
- Symptom screenings will be performed prior to admittance.
- Smoking and vaping on the casino floor are temporarily prohibited.
- Regular and thorough cleaning of all areas will be conducted, including all slot machines, gaming tables, gaming chips and more.

Please understand that the guidelines above are for the protection of you, those around you and our team members. We ask for your understanding of the requirements that we are obligated to operate under at this time.

Thank you very much for being part of our Magnolia Bluffs Casino family. We look forward to seeing you soon!

Kevin Preston
